Dear Sir,

CHANGE IN SALARY PAYMENT STRUCTURE

I am writing to kindly request a consideration regarding my current salary payment structure.

I understand that the current arrangement provides for my monthly net salary of ₦250,000 (tax inclusive) to be paid in two installments, with half paid within the first two weeks of the month and the remaining half within the last two weeks.

However, I would prefer to receive my full monthly salary as a single payment at the end of each month, if this can be accommodated.

I believe this arrangement would be more convenient for me and would enable me to better manage my monthly financial commitments.

I would sincerely appreciate Management's kind consideration and approval of this request.

Thank you for your understanding.

Yours faithfully,

David Agbetoye
Project Architect
